

NextGen Alpha Artificial Intelligence Investor Conference

NEXTGEN ALPHA ARTIFICIAL INTELLIGENCE INVESTOR CONFERENCE- October 26, 2017

Hosted by: NextGen Alpha

Founding sponsor: ACATIS Investment

NextGen Alpha Artificial Intelligence Investor conferences offer a leading forum for AI based fund managers, technology providers and professional investors. Conference format encourages all participants to provide a voice with the aim to foster interactivity and engagement throughout the day.

Following the success of the March 30, 2017 NextGen Alpha Artificial Intelligence Investor Conference, we are pleased to announce the **October 26, 2017** conference program.

Highlighted Theme: Fully autonomous AI fund products-the next milestone, the machine as the ultimate decision maker!

- Presentations by managers who offer autonomous AI based funds will explain how it works.
- A panel of experts will share their views, opinions and experiences.

The one-day event is by invitation only to be held **October 26, 2017** at the **Sheraton Frankfurt, Airport Hotel & Conference Center**. Space is limited and reserved for qualified professional/institutional investors. Pre-registration is required.

NextGen Alpha Artificial Intelligence Investor Conference

Themes, topics and questions (addressed by speakers and panel members):

- Computer based fund products (traditional quant/systematic) are already mainstream and continue to grow, why do we need AI—what value?
- Fully autonomous AI based funds or is human intervention required?
- The practical perspective-experiences shared by managers with real AI based fund products
- AI and active fund management-high value at a low cost?
- Harvesting human sentiment using AI-how real is the buzz, how wise is the crowd?
- Combining Fintech, AI, and Blockchain for the end user?
- The hunt for AI talent, data and technology-are there limitations to growing the universe of AI based fund products?

AI based fund presentations

A diversified range of investment management firms will share practical experiences in relation to their AI based investment fund products.

- ACATIS Investment/Quantenstein
- Sanlam Global Investment Solutions
- AI Machines
- BUZZ Indexes
- Autonomous Capital
